SKATE OR DIE!

Welcome to "Skate City, U.S.A.," a skateboarder's paradise. Here you'll find not only some great parks to tear it up in, but along the way, you'll encounter some of the best jump ramps, banks, walls and obstacles to skate on. You'll then earn cash to purchase better equipment, allowing you to shred even more than before. Gather enough points to earn park tickets that give you access to four different skate parks!

Try either the half-pipe, slalom, jump or downhill parks! But watch out for things that'll make you go from a judo air to a face plant! Cars, body builders, frisbee tossers and other skaters are waiting to make you eat concrete. But watch out for those killer bees! If you waste too much time, they'll hunt you down and put you in a world of hurt. So lace up those shoes, strap on that helmet and put on your pads, 'cause it's time to Skate or Die!

DIFFICULTY SELECT

Before you start your session, you can select the level of difficulty you want to play at. Two choices are available: **Expert** and **Training**. Playing on Expert level will challenge you to perform better at the parks and earn more points to get tickets!

Remember, scoring points will get you tickets and getting tickets gets you into the parks to earn cash prizes. Training level is an easy game mode that starts you off with three tickets and \$100 in your pocket. Use the Training level to improve your skating, then give Expert a shot. Yeah, Training is easier, but where's the fun in that?

EARNING POINTS

Current point total

In order to skate the parks located in Skate City, you've got to have a ticket to get in. Tickets are awarded every 5,000 points. You'll start off the game with tickets that are good at any park, giving you freedom to go to whatever park you want to go to.

You can earn points at the parks for completing tricks or scoring high enough in the competition. Points are earned on the street for doing tricks off of and around the various obstacles. You'll have to practice though, because if you don't have a ticket, you don't get into the park.

EARNING CASH

Just like earning points in a competition, you're awarded cash as well. After skating one of the parks, you'll receive a medal. Each medal carries a certain cash award depending on what place you come in (see **GO FOR THE GOLD** on page 9).

Use your cash award to buy stuff at the four skate shops located in Skate City (see **SHOPS** on page 11). In addition to earning cash at the parks, you can pick up some extra cash blowing around on the streets of Skate City. Just keep an eye out and you'll see it.

Current cash total

GO FOR THE GOLD

Each time you skate at one of the parks, you are awarded a medal for your performance. Each medal carries a certain cash amount and is used to buy things at the different skate shops to improve your riding.

There are 10 different classes in the game. Depending on which class you are playing at, the cash amount for each medal will be larger each time you reach a higher class. The cash amount is given out with the most cash awarded for a GOLD MEDAL. The next highest amount is given for a SILVER MEDAL. The least amount is given for the BRONZE MEDAL. If you are bad enough to get the STAMP-LICKER (mouth with the tongue sticking out), you won't get any money for your efforts. Try to do well because the more money you get the more equipment you will be able to buy!

THE PARKS

Within Skate City there are four different skate parks. A Ramp, Downhill, Jump and Slalom park all are available to show off your skating skills. In order to gain entry into the parks, you need a ticket (see **EARNING POINTS** on page 7). Tickets get hard to come by as the game progresses, so make sure you score well during the game.

RAMP PARK

Here you'll find a half-pipe to skate. Perform hand plants, slides or even a McTwist!

DOWNHILL PARK

In this park, beat the timer to earn your medal. The faster you finish, the more points you earn.

JUMP PARK

Earn points for jumping and landing on targets. Spin in the air for more points!

SLALOM PARK

Navigate through the flags to beat the timer. It's not as easy as it looks!

THE SHOPS

Use the cash you get to buy stuff at the four skate shops within Skate City. Everything you buy will help you, so spend your money and don't be cheap. Remember, the prices go up the further you get in the game!

HELMET SHOP

Protect your melon with a helmet. A helmet will also help you to not fall as much.

SHOE SHOP

Get some shoes here. Not only will you look cool, but it'll help you start faster and perform higher jumps.

BOARD SHOP

Buy yourself a new board at this shop. A new board will give you greater speed.

PAD SHOP

Having pads on won't slow you down, it'll help you get up faster after you slam!

HITTING THE STREETS

When you skate around on the streets of Skate City, you'll find a number of things that'll help you out. Some will help you sharpen your skills, while others will help you earn points to keep going!

CITY MAP

Maps found on some corners of the city will help you to keep track of where you are when times get tough!

FREE PARKS

Nothing is better than when it's free, so use these parks to help you earn more points. Jumping over obstacles and knocking down your enemies will help you get secret bonus points!

OUCH!

Sure Skate City is a skater's paradise, but you still have to watch yourself. There are a number of things to be cautious of as you tear up the streets. Around the park entrances you'll find the usual frisbee throwers, body builders, etc. to block your way into the park.

In the free parks you'll have to watch out for other skaters and unicyclists crossing your path. Don't skate too long in the streets either, 'cause there are cars out there waiting to make you into a hood ornament! Now if your time runs out, you'd better make it to a park 'cause that swarm of bees will be after you in no time! So stay sharp, skate hard and by all means, *Skate or Die!*

HINTS

Here are several tips to help you out in Skate City:

- Watch for loose cash blowing around in the streets.
- Skating the Free Parks will help you get points.
- Jumping over obstacles helps you earn more points.
- Try to take jumping short cuts in the Downhill Park.
- Sliding in the Ramp Park will help you get a better score.
- Make sure you pick up new gear. This helps you skate better.
- Knocking down obstacles will earn you points.
- Keep track of your time and money!
